icons of beauty

Il fascino di marmi preziosi e rare
superfici naturali si esalta in creazioni
che ne esprimono la bellezza più
idealizzata e iconica.

Ogni materiale è un risultato unico,
raggiunto grazie alla creatività,
sapienza tecnica e cultura del prodotto
che il mondo riconosce a Maxfine.

Tout le charme des marbres
les plus somptueux et des surfaces
naturelles les plus rares prend corps
dans des créations qui déclinent leur
beauté sous des formes idéalisées
et iconiques.

Chaque matériau devient unique grâce
à la créativité, au savoir-technique et
à la culture du produit qui distinguent
Maxfine aux yeux du monde entier.

The attraction of precious marbles
and rare natural surfaces is underlined
in creations expressing their idealised,
iconic beauty.

Every material is a unique result
achieved thanks to Maxfine's
universally acknowledged creativity,
technical skill and culture of design.

Der Charme kostbarer Marmore
und seltener natürlicher Oberflächen
kommt besonders zur Geltung bei
Kreationen, bei denen die stark
idealisierten und ikonischen Seiten
ihrer Schönheit zum Ausdruck
kommen.

Jedes Material ist ein einmaliges
Ergebnis, das dank der Kreativität,
des Know-hows und der Produktkultur
erreicht wird, für die Maxfine weltweit
ein Begriff ist.

beauty

solida e inalterabile,
la bellezza nasce
da puri minerali,
fuoco e altissime
pressioni.

Solid and unalterable,
beauty is the product of pure minerals,
fire and extremely high pressure.

Des minéraux purs,
du feu et de très hautes pressions donnent
naissance à une beauté immuable et inaltérable.

Solide und unveränderlich:
Die Schönheit entsteht aus reinen Mineralien,
Feuer und extrem hohem Druck.

nature is
our best idea

La natura è fonte di bellezza, a cui da sempre l'uomo attinge per vestire le architetture più nobili e pregiate. Maxfine ne interpreta le infinite espressioni, proponendo un'idea di bellezza esemplare, rispettosa dell'ambiente, attuale e sostenibile.

Nature is the source of beauty human beings have always turned to for inspiration in their most noble, precious architecture. Maxfine interprets its infinite expressions, proposing an exemplary concept of ecological, sustainable contemporary beauty.

La nature est une source de beauté à laquelle l'homme puise depuis toujours pour créer les revêtements architecturaux les plus nobles et les plus somptueux. Maxfine réinterprète l'infinité de ses déclinaisons en proposant un concept de beauté exemplaire et respectueux de l'environnement, à la fois actuel et durable.

Die Natur ist eine Quelle der Schönheit, aus der der Mensch immer schöpft, wenn die vornehmsten und edelsten Architekturen auszuschmücken sind. Maxfine interpretiert die unendlichen Ausdrucksformen dieser Inspirationsquelle und bietet eine beispielhafte, umweltfreundliche, aktuelle und nachhaltige Vorstellung von Schönheit an.

ex- clu- sive

Le lastre Maxfine sono l'esclusiva espressione di un know-how unico. Si distinguono per la profondità delle sfumature, la luminosità dei bianchi, l'eleganza del disegno, lo sviluppo equilibrato delle venature. Il talento professionale si combina con tecnologie d'avanguardia, il lungo lavoro di sviluppo sposa le materie prime più selezionate e pregiate.

Maxfine slabs are the exclusive expression of truly unique know-how. They stand out for the depth of their colours, the brightness of their whites, the elegance of their design, and the harmony of their veining. Professional skill is combined with cutting-edge technologies, and lengthy development work embraces the most carefully selected, prestigious raw materials.

Maxfine-Platten sind der exklusive Ausdruck eines einzigartigen Know-hows. Sie zeichnen sich durch die Tiefe der Schattierungen, die Helligkeit der Weißtöne, die Eleganz des Designs und die ausgewogene Entwicklung der Maserung aus. Professionelles Talent wird mit modernster Technologie kombiniert, lange Entwicklungsarbeit wird mit den ausgesuchtesten und wertvollsten Rohstoffen kombiniert.

Les dalles Maxfine sont l'expression exclusive d'un savoir-faire unique. Elles se distinguent par la profondeur des nuances, la luminosité des blancs, l'élégance du dessin, le développement équilibré des veines. Le talent professionnel s'associe à des technologies de pointe, le long travail de développement se conjugue aux matières premières les plus sélectionnées et les plus précieuses.

exclusive and unique

sus- tain- abil- ity

Anticipando i tempi, investiamo con coraggio per costruire un futuro più sostenibile, come per il primo impianto ceramico nel mondo alimentato a idrogeno.

Nelle nostre fabbriche a emissioni zero nascono materiali unici, che si distinguono per innovazione, sostenibilità ed estetica. Superfici pensate per essere al servizio dell'uomo, fabbricate nel massimo rispetto dell'ambiente e delle persone: sicure, igieniche, durature, confortevoli.

En avance sur notre temps, nous investissons courageusement en vue de l'avènement d'un futur plus durable, grâce notamment à la création de la première usine de céramique alimentée à l'hydrogène du monde. Nos usines à émissions nulles nous permettent de fabriquer des matériaux uniques qui se distinguent en termes de beauté, d'innovation et de développement durable. Pensées pour être au service de l'homme, nos surfaces sont fabriquées dans le plus grand respect de l'environnement et des êtres humains : sûres et hygiéniques, elles sont aussi durables et confortables.

Anticipating the times, we boldly invest in the construction of a more sustainable future, such as the construction of the world's first hydrogen-fueled ceramics plant. Our zero-emissions factories produce unique materials that stand out for their innovation, sustainability and beauty. Surfaces designed to serve human needs, made with the utmost respect for the environment and for people: safe, hygienic, long-lasting and comfortable.

Mit Pioniergeist investieren wir mutig in eine nachhaltigere Zukunft. Zum Beispiel mit der weltweit ersten wasserstoffbetriebenen Keramikfabrik. In unseren emissionsfreien Fabriken entstehen einzigartige Materialien, die sich durch Innovation, Nachhaltigkeit und Ästhetik auszeichnen. Oberflächen, die dem Menschen gute Dienste leisten sollen, umweltgerecht und benutzerfreundlich hergestellt: sicher, hygienisch, langlebig und komfortabel.

SapienStone est à la fois design, innovation et qualité. Une entreprise à l'avant-garde qui puise ses racines dans la grande expérience acquise depuis plus de cinquante ans par Iris Ceramica Group en matière de réalisation de grandes plaques en grès cérame. SapienStone est aujourd'hui en mesure d'offrir des solutions extrêmement personnalisables pour les plans de cuisine d'excellence: surfaces exclusives à même de s'intégrer dans tous les styles, dans tous les espaces et, surtout, de répondre à toutes les exigences. La perfection des formes se marie enfin avec la fonctionnalité absolue. En effet, tous les plans SapienStone sont résistants aux fortes températures et aux stress atmosphériques. Ils sont anti-rayure, antichoc, totalement hygiéniques et conçus pour faire face aux requêtes toujours nouvelles et changeantes de la vie contemporaine. La recherche de tendances internationales, l'amour des détails et le soin scrupuleux accordé aux moindres détails permettent à SapienStone d'être une entreprise idéale dans laquelle on peut avoir confiance, un partenaire parfait pour ceux qui veulent une cuisine belle à regarder et à vivre.

SapienStone ist Design, Innovation und Qualität. Ein modernes Unternehmen mit langjähriger Erfahrung in der Produktion von Feinsteinzeugfliesen im Großformat für Wand- und Bodenverkleidung, die während mehr als 50 Jahre Zugehörigkeit zur Iris Ceramica Gruppe errungen wurde. SapienStone bietet heute individuelle Lösungsvorschläge für außergewöhnliche Küchenarbeitsplatten: Exklusive Oberflächen, die zu jeder Stilrichtung und in jedes Ambiente passen, die aber vor allen Dingen jegliche Anforderung erfüllen. Endlich wird die perfekte Form mit maximaler Zweckdienlichkeit vereint. Alle Küchenarbeitsplatten von SapienStone sind hitze- und wetterfest, scheuen keine Kratzer, sind stoßsicher, absolut hygienisch und erfüllen alle immer höheren und unterschiedlicheren Anforderungen des heutigen Alltags. Durch die Erforschung internationaler Trends, die Liebe zum Detail und eine perfekte Bearbeitung aller Produkte ist SapienStone der ideale Vertrauenspartner für alle diejenigen, für die die Küche nicht nur schön sein muss, sondern auch einen gemütlichen Aufenthaltsraum darstellen soll.

SapienStone è design, innovazione e qualità. Un'azienda all'avanguardia che affonda le sue radici in una grande esperienza nella realizzazione di grandi lastre in grès porcellanato per pavimenti e rivestimenti, maturata da Iris Ceramica Group in oltre cinquant'anni di attività. SapienStone è oggi in grado di offrire soluzioni fortemente personalizzabili per piani cucina d'eccellenza: superfici esclusive in grado di integrarsi con ogni stile, con ogni ambiente e soprattutto con ogni esigenza. Finalmente la perfezione delle forme incontra la massima funzionalità. Tutti i piani SapienStone infatti, sono resistenti alle alte temperature e agli stress atmosferici, sono antigraffio, antiurto, totalmente igienici e progettati per far fronte alle richieste sempre nuove e mutevoli della vita contemporanea. La ricerca di tendenze internazionali, l'amore per i dettagli e la cura scrupolosa di ogni minimo particolare fanno di SapienStone l'azienda ideale a cui affidarsi e il partner perfetto per chi desidera una cucina bella da vedere ma anche da vivere.

SapienStone is design, innovation and quality. A leading company that has its roots in a great deal of experience in manufacturing large porcelain stoneware slabs for floors and walls, developed by Iris Ceramica Group in over fifty years of business activity. SapienStone is now able to offer highly customisable solutions for excellent kitchen worktops: exclusive surfaces capable of being integrated with any style, environment and especially with all requirements. At last the perfection of shapes meets the maximum level of functionality. In fact, all SapienStone worktops are resistant to high temperatures and atmospheric stress, as well as being scratch resistant, impact resistant, totally hygienic and designed to meet the ever-new and changing demands of contemporary life. The search for international trends, attention to detail and scrupulous care in regard to every detail make SapienStone the ideal company to trust and the perfect partner for those who want a nice kitchen from a visual point of view but also to live with.
